NATURAL

AUSTRALIAN

SUSTAINABLE

COMMUNITY

BASE
SOAP WITH IMPACT

OUR AIM IS SIMPLE - TO OFFER YOU EFFECTIVE, HIGH QUALITY CARE PRODUCTS, WHILE LEAVING A SMALL FOOTPRINT AND A POSITIVE IMPACT.

At Base, our mission is to create handmade bar and liquid products for your hair, body and hands. Our company is a social enterprise that believes in the power of consumer choices to make a positive impact on communities.

By purchasing and using our products, you are actively supporting Australian communities and helping create lasting change. Our products are made from premium, natural ingredients and are intended for daily gentle use.

HAIR CARE

We strive to ensure that all hair types can find the perfect product. We have shampoo bars for dry, oily and balanced hair plus an all-round conditioner bar. Our bars last a long time; a single shampoo bar lasts as long as three 1L bottles, and the conditioner bar even longer.

FACIAL BARS

We offer facial cleansing bars for various skin types. Formulated to be extra gentle for facial use, these bars are a great addition to any skincare routine. Available in cleansing charcoal and rejuvenating pink clay.

BARS

We offer a variety of handmade solid personal care products, made with natural ingredients. All of our bar products are packaged plastic-free and are free from synthetics and harsh chemicals.

BAR SOAP

We have a simple yet varied range of bar soaps in our range. From bars for sensitive skin to an exfoliating formula, there is something for everyone.

LIQUID HAND AND BODY WASH

Our washes include the original fragrances; fresh favourite Lemon Myrtle and woody, rustic Cedarwood & Rosemary. We have recently introduced a fresh Snowy Mountains and a South Coast body wash, two distinct scents to celebrate our natural environment. Plus we offer an unscented 5 or 20 litre soap for those who prefer the simplest option or to add their own oils.

BULK

Base is all about reducing packaging and the savings this can provide. So our regular bars and shampoo bars are available as 10 unwrapped bars in a display box. Hand and body wash can be purchased in 250ML pump bottles, 1L refill pouches, 5L containers and 20L barrels.

STARTER PACKS

Our starter packs are designed to help you introduce Base products to your customers. Each pack is a curated selection of top sellers and category heroes. Perfect for your first order or seasonal refresh.
